The undersigned understands that security clearance in accordance with section 7 of the Swedish Radiation Safety Authority's regulations (SSMFS 2008:12) relating to the physical protection of nuclear plants is carried out before employment or contract work at Vattenfall (BUND/SVAFO) can begin. Regarding the appropriate security class (the SK3 or SK2 checkbox above is ticked after dialog with security protection officer - SPO). A background check is conducted according to chapter 3, section 18 of the Security Protection Act (2018:585) and performed by the competent authority according to the Security Protection Ordinance (2021: 955). The request for a background check is made by BUND/SVAFO's security officer, using the information compiled in this form. Security clearance interviews with new employees are conducted by appointed Vattenfall staff.

When hiring staff, a security check is carried out by the employer (the hirer) in accordance with BUND/SVAFO's guidelines.

Completed forms are scanned and emailed to a security officer, sakerhetskontroll@svafo.se or posted to AB SVAFO, Säkerhetskontroll, Box 90, 611 23 Nyköping
